

Primary schools of Kópavogur

Enrollment for the 2025–2026 School Year

Enrollment for the upcoming school year is now open and will continue until March 14, 2025.

During this period, students transferring between school districts, moving to Kópavogur, or coming from private schools must also complete their enrollment.

Enrollment for six-year-old children (born in 2019) is now conducted entirely through the municipality's service portal: <https://thjonustugatt.kopavogur.is>.

Registration for school meals, summer programs, and after-school programs for the next school year will be announced later. Parents will receive an email from the school once registration opens.

In the fall of 2025, schools will begin with an opening day on Monday, August 25. Further details about the start of the school year will be available on each school's website.

Important Notice:

The application deadline for permission to attend private schools or primary schools in other municipalities is April 1. Applications must be submitted through the Kópavogur service portal. Students already attending such schools must reapply if they plan to continue in the next school year.
